

# Biodegradable Confetti

Make biodegradable confetti for your next celebration!

## Materials:

- Leaves
- Handheld hole puncher
- Small envelopes (optional)

## Steps:

1. Gather fallen leaves.

2. Hole punch the leaves.

3. Divide leaf circles into envelopes and distribute to be used as confetti!

Optional steps:

1. Gather a variety of leaf colors to make your confetti colorful.
2. Use handheld hole punchers with different shapes (e.g. heart, star, or flower).
