

Tin Can Planter

Create your own planters out of leftover tin cans!

Materials:

1. Empty and clean tin can
2. Hammer
3. Nail
4. Paint
5. Paint brushes
6. Plants
7. Soil

Steps:

1. Using the nail and hammer, create drainage holes on the bottom of the can.

2. Paint the outside of the tin can. Let dry.

3. Place your plant in the tin can and cover the roots with soil. Water after planting.
